

# Serving machine

Not just  
serves ropes

All-in-one machine for any jobs where one rope twists around another.

## Basic features

- Serving machine is intended for serving ropes, making becketts, stroping blocks, making eye-splices, laying seizings and other jobs where one rope is to be wound round the other.
- Special design allows you to serve any ropes up to "endless"!

## Package Contents

- Serving machine.
- Rods for making becketts.
- Operating manual.
- Video guide on DVD.

## How it works
